Motive re-certification and update of the QS product/service range

Design, manufacture management and service of electrical motors, mechanical reducers and accessories for power transmission (EA 19, 18)

3 years have passed since motive, first company in its field, obtained the ISO9001:2000 certification of its quality system

The company development has frequently taken to the enlargement of the application field of the quality system subjected to inspections and certification by TUV.

After 3 years, the system has been re-certified and, in this occasion, the product/service range, described in the new certificate, has been further enlarged.

Thus, we report the new certificate and above the new product/service range for which it is valid

Power cooling

Following to the frequent information requests, we report below the technical characteristics of motive power cooling system.

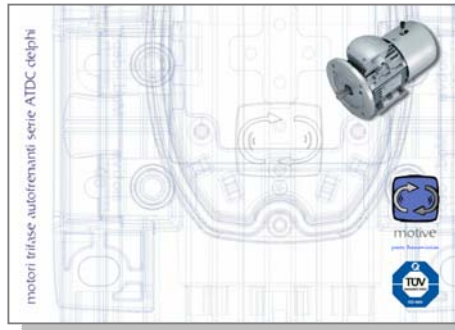

type	power W	capacity m3/h
71	30	300
80	35	350
90	50	500
100	65	650
112	65	1000
132	90	880
160	90	1100
180	100	1200
200	180	2500
225	200	3800
250	320	4200
280	370	5000
315	500	6000
355	600	6500

All these systems are three-phase 400V/50Hz and 440V/60Hz, IP55, with separate terminal box

ATDC series catalogue

The catalogue of the ATDC self-braking motors series is now loaded in www.motive.it

To receive or to download it, ask to our commercial office

New sizes available

Further motor sizes have been added into our standard production range.

tipo	poli	kW	Hp
63C-4	4	0,25	0,37
71C-4	4	0,55	0,75
80C-4	4	1,1	1,5
90LB-4	4	2,2	3
112MB-4	4	5,5	7,5

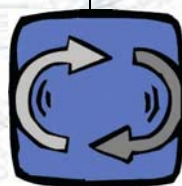

The advantage to become a standard is the shorter lead-time. In fact this material has been put into our prompt-delivery stock

Opening of a new warehouse in France

To better the distribution service, Motive has installed a new local unit in France, next to Lyon, that is already active

Head and commercial office transfer

We advice that during the 2 holidays weeks in the middle of August, motive will unit its head and commercial office with the plant, changing the address to Montichiari (BS), Via d'Annunzio 11. We'll inform you soon about the new fax and phone numbers
